### PERTURBATION

At the meeting of the common council or ing the mayor and his feithful benchmer in that body were in morts, four Through the whole proceedings they trembled hension of some dreadful thing and the mayor in particular sat "with tristful but the fear of the unknews thing was pit-tured in his looks. The regular basiness went on sous dream." The regular basiness went on na hundrum style, the mayor pusiness went on the hundrum style, the mayor so etaken that he scarpely primaring to the course of it. It had been arranged that Gorden after the and women out the time and the council with the reading of his new orders on the relie on was offered to suspend the regular or Chanman had feered freedes, supported by

tiorreces and pollutes. He was afraid share of its carnings and as the Tribune sc papers throughout the country will follow suit. y could not tota for is, they welcomed then ament, however Tribung itself is a refutation of this view I otekt Chabman in his infamy, and Chapman in his turn will do all in his power of make the bestings of licensiselling free and office which he has corrupted and disgraced but the horsest and decent members of that Sun that are independent of advertising in corrupt and enfatuous conduct. The real remady however—for the people are not with out a semacy—has in another direction. Pro-ecedings may be taken under the law so expel thus sorrupt and distinuoused mayor from offic It is a plain matter. The laws heretoforn excellence in the news and editorial depart ited point out the way

The 'perturbation is not at an end Only

the surface of corruption and thickery in the affairs of the city has as yet been touched be mayor and his gang so quake with fear i they await their comits. None know better uption, and though they have not conscience

MAKING BERAD DEAR The article on ' Making Bread Doar in a late a sufficient profit from its publication. The our late "guests " Honry D Lloyd of the Ch: Lloyd on the Standard Ori Company's Significance of Seventy-Five Militon this republic there should be no arise uded to make the public, and, if possible, on that are taken are the chances of ha-life. Their gambling prices affect the real wishes also of newspaper managers who are prices both for the gradioer and the consumer. Mr. Lloyd is not alone when he declares it as unendurate, that the courts of the state would pormet these gamblers that to force the fitter of bread, and meant to therefore, the poor that some into the treasury of the syndicate Such money costs. All over the state farmers are taking a nes eastern Oregon, is a thing of the past And ve fore The great bands of cattle have been sule.

there is a mouthful of food less for the laboring man Every hour of its condition management obtil for the great name of same and a second collaboration of shift the ranges where they used to graze are coopied by farmers or soon will be The high prioce ruling for hoof in the Portland market man Every hour of its conditional magnetic child in Pittsburg or Manchester grows more fains, and every day hundreds of little kinds let go another dager from the slightly edge of existence." These are sirong words, but they are true. We do not sympathize at all with the inductioniusic abose of rich men. Many rich tiess (n a larger scale, and the result is seen in men are our best men. The conflict is not be-tween capital and labor—there is no conflict ween espital and labor—there is no conflict between them—the conflict is between labor and absorpoly, between the house conflict the rates who are equinually striving the stroke selves millionaires. Mr. Libord in the beautiful and hope he will pursue until the coases to exist erally with farmers at the state fair at Salen, and at the Washington county fair at Hills-bero reports that the practice of stall feeding from this time on It is supportent of course to secure large body and stock of early develop-

their own consumption, to engage so the bust

for the Portland market will be quite general
